Polansky  
(in support of Spring 2011, CoCo 2)

The following bibliography/videography is meant as a resource for those interested in learning more about Deaf and ASL poetry, performance, and related traditions. It also contains a smattering: works on Deaf culture; Deaf poetry and literature written in English; hearing literature written about, or with reference to Deaf culture; works on linguistics, folklore, history and interpreting and other subjects relevant to the topic. At this point, it does not list web references.
