A not so simple round in C
yet as pleasant as can be
to sing and listen to.

EXTRA BEAT

after each voice has sung through once,
after a predetermined number of more lines sung,
have the first beat be two and do at least
enough lines like this to give each voice all
three lines to sing. (it gives a measure of 6f)

Then, to end:

to sing and listen to several times

(not so long)

END

(c) to sing and hear to(sing) several times
