①

Good dog! O - hi - o born, Pitts - burgh bound. *

②

We re - mem - ber Shane. Be - friend - ed and sus - tained by two.

③

You good dog, you. We re - mem - ber Shane.

④

(Which is cer - tain - ly not to say he nev - er barked.)

*An x notehead indicates a single barking sound, most effectively rendered by inhaling while making an R sound.

After each voice has sung through the round once, gradually eliminate phrases of the song, except for the notes and lyrics for the two instances of "good dog," and the three barks. Eventually all that will remain will be the sung words "good dog," and the barks.
