

two slime mould rounds

lloyd/polansky

eponymy

prime

Most slime moulds are not sli - my nor do they look like mould.
 mould. **Most** slime moulds are not sli - my nor do they look like
 like mould. **Most** slime moulds are not sli - my nor do they look like
 mould. **Most** slime moulds are not sli - my nor do they look like

etc. Shift the melody over the text, starting on any note. For the round, sing any rotation you like, but always move "forward" thru the melody, eventually coming back to the prime.

three examples (in order)

Most slime moulds are not sli - my nor do they look like mould.
 mould. Most slime moulds are not sli - my nor do they look like
 mould. Most slime moulds are not sli - my nor do they look like
 mould. Most slime moulds are not sli - my nor do they look like

empathy

Slime moulds don't seem to mind
 loud exclamations of delight.

optional exclamatory ground bass

ca - ca de lu - na!
 dog vomit slime!
